

FORAL002

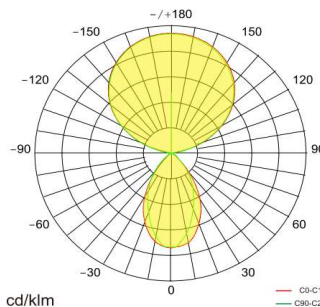

**TECHNICAL PARAMETERS**

<b>Dimensions:</b>	1970mm
<b>Housing Material:</b>	6063 Aluminum
<b>Finish:</b>	Black
<b>Ingress Protection (IP):</b>	IP20
<b>Impact Protection (IK):</b>	IK04
<b>Luminous Flux:</b>	8800lm UP / 2000lm DOWN
<b>Efficacy (lm/w):</b>	148
<b>Power Consumption:</b>	60W UP/20W DOWN
<b>Color Temperature (CCT):</b>	Tunable
<b>Color Rendering Index (CRI):</b>	>80
<b>Beam Angle:</b>	115° UP / 60° DOWN
<b>Dimming Options:</b>	Touching panel
<b>Unified Glare rating (UGR):</b>	<11
<b>Lifespan:</b>	L80B10 50000h
<b>Input Voltage:</b>	AC200~240V
<b>Driver type:</b>	Internal
<b>Power Factor:</b>	>0.9
<b>Surge Protection:</b>	II
<b>Operating Temperature:</b>	-20°C~+45 °C
<b>Sensor Integration:</b>	Daylight & Motion
<b>Mounting Options:</b>	Standing
<b>Certifications:</b>	CE / RoHS
<b>Energy label:</b>	D
<b>SDCM:</b>	<3

**APPLICATION**

The Fora L is an elegantly designed lighting solution tailored for office environments. It features a sophisticated and imaginative design that enhances any workspace. Equipped with specialized micro reflectors and anti-glare covers, it ensures a Unified Glare Rating (UGR) of less than 11, providing comfortable and soft lighting that minimizes eye strain. Ideal for illuminating up to four desks, Fora L delivers uniform lighting with independent controls for both direct and indirect light sources. The lamp also supports advanced smart functions, including motion and daylight sensors, for enhanced energy efficiency. Constructed from high-quality aluminum, steel, and PC materials, Fora L is designed for easy installation, requiring no professional assistance, making it a practical and efficient choice for modern offices.
