

CIEL DOWNLIGHTS

The CIEL series downlight leverages advanced Fresnel lens technology, delivering high efficacy up to 150 lm/W. Featuring a recessed SMD2835 light source, it provides soft, glare-free lighting, with four color reflector options for versatile design. An IP54 waterproof rating ensures durability on the room-facing side. Backed by a 5-year warranty, the CIEL series offers efficient, adaptable lighting for diverse applications.
